

Observations

```
graph LR; Observations --> Décision; Modèle --> Décision; style Observations fill:#c8e6c9,stroke:#333,stroke-width:1px; style Modèle fill:#e1bee7,stroke:#333,stroke-width:1px; style Décision fill:#fff,stroke:#333,stroke-width:2px;
```

A diagram illustrating a decision-making process. On the left, there are two rectangular boxes: a light green one at the top labeled 'Observations' and a light purple one at the bottom labeled 'Modèle'. On the right, there is a white rectangular box with a thick black border labeled 'Décision'. Two black arrows originate from the right side of the 'Observations' box and the right side of the 'Modèle' box, both pointing towards the left side of the 'Décision' box. The arrows are positioned such that they appear to merge into the 'Décision' box.
